## Statement of Significance

Last updated on - June 9, 2004

Contribution to the landscape  
Outstanding size

Located on western boundary of Sensory Garden, this Tasmanian Blue Gum makes an interesting contrast to the rest of the Gardens which contains a vast majority of exotics. Competing with the bedding and staruary, this stately tree stands out. Baron von Mueller is believed to have planted the seedling.

Measurements: 07/1982  
Spread (m): 26.5  
Girth (m): 7.3  
Height (m): 33  
Estimated Age (yrs): 120  
Condition: Good

Measurements: 22/11/2003  
Spread (m): 30
