This c1907 Kilsyth cottage has high local significance as one of the oldest remaining district orchard houses. The former Acorn Cottage was associated with two orcharding families, the Wylies and the Bridges. Description

Acorn Cottage is a timber cottage with a gable roof, with new verandah across the front and skillion to the rear. The front windows are more recent than the original cottage, possibly dating from the 1920s. It is located on a deep narrow allotment, and is well set-back from the road. The present owners have undertaken major works to retrieve the cottage from a previously poor state.
