Emberson War Memorial

**Location:**

Monbulk Road, Kallista VIC 3791

Heritage Inventory (HI) Number:

Listing Authority: HI

Description:

The memorial was originally in the form of a gateway and a ramp with piers and metal handrails. The central pier bore a shield with the inscription 'in memory of my son'. All that remains of the memorial today is the concrete ramped walkway inlayed with a boomerang and map of Australia. The inscription 'other diggers' is almost indecipherable.
