## Mt Juliet Cairn

---

**Location:**

Mt Juliet, Healesville VIC 3777

**Heritage Inventory (HI) Number:**

**Listing Authority:** HI

**Description:**

Conical shaped stone cairn 3.6 high, tapering from 3.6 diameter at the base to 1.8 diameter at the top. The stonework uses large boulders at the base, tapering to smaller, shaped stones towards the top. Small rock pieces have been used to wedge between the boulders in place of mortar and the whole structure is remarkably sound. Some damage to the top of the cairn has resulted from the collapse of a nearby tree. (RNE; Context 1998)

Excellent
